## OFFICIAL INSPECTION OF PINE HILLS FOR GOV. DEFENSE BASE

**Congressman Colmer Accompanied Navy Officials Seeking to Determine Value of Property as Training Base—Would Make Place Seaplane Training Quarters.**

Accompanied by Congressman W. M. Colmer, high ranking navy officials inspected the extensive Pine Hills Hotel properties north of Pass Christian Sunday with a view of the government taking over the property as a naval training station.

Mayor-Elect W. G. Simpson of Pass Christian and Mayor J. W. Milner of Gulfport went to Washington earlier this month where they suggested to federal authorities that the 1800-acre tract of land and the large 200-room hotel, unoperated for several years, would be an ideal naval training site. Situated as it is on the Bay of St. Louis and some miles from the main shore line of the Mississippi Coast the properties are believed to be ideally located.

In addition to Congressman Colmer those inspecting the Pine Hills properties included Commander J. M. Lewis, U. S. Navy, in charge of the R. O. T. C. at Tulane University; Captain Phillip Seymour, U. S. Navy, and Lt. Commander A. J. Desautres, naval receiving station at New Orleans.

These Navy officers and Congressman Colmer were shown over the extensive Pine Hills grounds by Mayor-Elect Simpson and Mayor Milner during the forenoon and although making no official announcements were apparently pleased with the locale and the improvements already there, including the hotel, 10 artesian wells, a laundry and ice manufacturing plant, an extensive golf course and hundreds of acres of land.

## ANNOUNCING NEW FISH INDUSTRY FOR PEARLINGTON

**Pascagoula Interests Reported to Establish Enterprise; Board Supervisors Gives Assurances.**

A new industry will soon be in operation in this section with the completion of a factory at Pearlington and which will can sardines, or shads, which will be shipped in bulk for use as fertilizer and food for fowls and the oil also will be conserved for use in various ways. The company which is being formed is composed of persons out of Pascagoula and has been contacted and interested in this project by members of the Hancock County Board of Supervisors who have assured these persons of the building and maintaining of good roads to the factory at Pearlington and the exemption of taxes for a certain period of time.

As our water front and inland streams provide one of the greatest means of industry for this section in the way of sea food and its various means of preparation, it is interesting to note that another such industry will be available for the people of this section.

## FIRST AID COURSE TO BE TAUGHT AT W. P. A. RECREATION CENTER

**Local Government Project Serving to Beneficial Purpose to Public.**

On Wednesday evening, there was a dance at the Recreation Center on Washington street in honor of the two soft ball teams sponsored by the W. P. A. Recreation Project.

The evening closed with a musical story and a contest was enjoyed by all present. Refreshments were served during the evening and about sixty participated. The music was furnished through the courtesy of George di Benedetto. Chaperones were Mr. and Mrs. G. E. Temple, Mrs. Albert Biehl, Mr. W. R. Reinke, and the leaders of the recreation project.

The recreation council is very much gratified over the progress made by the Recreation Project. At present there are only eleven workers in the county and the attendance in the four centers during the month was 27,666 against 671 for the month of December 1939.

Now that cold weather is approaching, the center is in need of games, material for handicraft and good story books, and all gifts will be greatly appreciated.

On each Wednesday night, there is a program for adults to which the public is invited.

A first aid course will also be taught at the Recreation Center.

## STATE FORESTERS TO MEET

**Will Climax Fourth Day Conference With Visit to Weston Lumber Co. at Logtown.**

Plans are being made for the Twenty-first annual meeting of Association of State Foresters to be held in Gulfport, October 7-10, according to an announcement by State Forester Fred B. Merrill, host to the association.

The tentative program calls for a welcome address by Governor Paul Johnson and an executive session in the first day. The second day includes committee meetings and an open meeting to which the public is invited. The third day delegates will go by boat to Ship Island, where an executive meeting will be held, followed by an election of officers. The fourth day is climaxed by a trip to Weston Lumber Company's selective logging operations. From there they disband for a trip to New Orleans.

Officers of the Association are: O. A. Alderman, president, Wooster, O.; Perry H. Merrill, vice president, Montpelier, Vt.; and Glen R. Durrell, secretary-treasurer, Oklahoma City, Okla.

## "DAD" MANIERI PURCHASES BLDG. HEAD OF MAIN ST.

**Will Move Well-Known Restaurant From Present Location to New One.**

The large building located on the beach side of Front street at the head of Main street, owned by O. T. Arnold, retired citizen of Bay St. Louis, and which was recently occupied by the Gem Restaurant, was sold this week to Mr. Andrew (Dad) Manieri, well known restaurateur.

The building, one of the largest in the business district, is being completely renovated and made ready for Dad's new location.

The interior will be painted white and the location of the kitchen is to be changed and enlarged, and up-to-date and modern equipment installed. Two new dressing rooms are to be located on the side of the building where a kitchen was located. Plans are being worked out presently for the installation of adequate heating facilities to make this large building comfortable and a change in opening to afford proper light and ventilation.

Mr. Manieri states that the work of renovating the building is expected to be completed in about fifteen days when he will move his business from the Schiro building into the former Arnold building and where he expects to conduct a first-class restaurant, such as he has been known to conduct for more than fifty years.

The place was purchased for the consideration of \$3,500.

## District Meeting Of P. T. A. Scheduled For October First.

The annual district meetings of the Mississippi Congress of Parents and Teachers will begin on October 1st. Plans for these meetings have been completed after several months work by a committee devoting serious thought to them. Mrs. Henry J. Meyer, Meridian, is Program Chairman, with Mesdames L. H. Yarbrough, Jackson, D. R. Jenkins, State College, Charles T. Walters, Laurel, and Dr. J. R. Morton, State College, serving as members of the committee. The results approved by the president, Mrs. C. C. Clark, Columbia, and the Executive Secretary, Mrs. L. J. Jackson, Jackson, promises a day's meeting of unusual value and interest. "At least," says Mrs. Meyer, "they are different."

**Back Next Year Too.**

## COAST SHRIMPERS AND OYSTERMEN HOLD MEET AT COURTHOUSE

**Local Workers Agree To Form Unit of Their Own; To Reach Agreement Soon.**

On last Thursday night a mass meeting was held in the Woodmen of the World Hall here with four hundred persons present when the purpose of the meeting was the discussion and settlement of differences arising between the different units of the unions of seafood workers here and along the Gulf Coast.

The meeting was called by Mr. Charles Moore, operator of the Bay Seafood Company, and Mr. Ed Ortle, member of Hancock County Board of Supervisors, in the hope of settling the differences of the local members of the union and in an effort to have an intelligent and peaceful understanding whereby the local factory could begin operations and assist the many persons who were employed at previous times to return to work.

Mr. Ortle served as master of ceremonies and introduced a number of speakers, namely, Mr. C. Brandt, of the Pass Christian Union, Teddy Morel head of the local union, and Mr. Charles Moore. Mr. Moore stated facts and quoted figures in the costs of operation and explained to the persons assembled the utter impossibility of operating a factory and paying the prices which had been desired by the union, and his talk was well received by everyone.

Mr. Ortle also addressed the assembly and it was decided that the local persons interested in the seafood industry withdraw from the Biloxi Union known as the Gulf Coast Shrimp and Oystermen's Union and form their own local union under their own charter.

Other speakers on the program were Edward Anderson and the Rev. Andrew J. Boyle.

Honorable Carl Marshall, prominent and well known speaker, addressed the assembly in his well known and amusing manner and was roundly applauded.

At the close of the meeting, and with the formation of a new union with local persons and the operators of the local factory in complete accord on price and working conditions, Mr. Moore requested the fishermen to begin work at once and the factory as scheduled for opening on Tuesday morning, and as many fishing boats as could possibly begin fishing were requested to do so at once.

## TOULME-BREATH LAND MARK SOLD TO PASS CHRISTIAN INVESTOR

**Home of Late Judge Breath Sold by Mrs. Pauline Ward to Henry J. Ritayik.**

Former home of Judge John A. Breath and his wife, Mrs. Madeline Toulme Breath, Main near Beach, was sold a few days ago by the owner at the time, Mrs. Pauline Ward, widow of Dr. D. H. Ward, to Henry J. Ritayik, resident of Pass Christian, for the recorded price of \$2,800. The purchase was made as an investment, and includes the one-story building adjoining, formerly used by Conner & Conner as a law office, originally Dr. Ward's office.

The sale of this property is particularly interesting, since it dates back to the pioneer history of Bay St. Louis, this land being part of the original Toulme claim and was originally bought many years ago by the late Toulme family—a stately looking two story structure of the type of other days, with a companion dwelling of the kind that faced the beach, around the corner, and connected by the lands of the same owner.

Miss May H. Edwards, local astute historian, supplies the following history of the place:

The lot was given to Miss Madeline Toulme by her grandfather, Gideon Toulme, who came to Bay St. Louis in the early 1800's and after her marriage to Evardiste Saucier the home was built in the early 1850's and here Mr. and Mrs. Saucier lived and raised a large family. She later, after Mr. Saucier's death, married the late Judge John A. Breath. The late Dr. D. H. Ward bought the home in 1925 and at the time of his death it reverted to Mrs. Ward.

The house is of the pre-war type and was the center of much social activity in the early days. At one time it was leased by Dr. A. P. Smith and used as a clinic until the establishment of the King's Daughters hospital here.

## HANCOCK GRAND JURY

**In Session Five Days—Examines 48 Witnesses—Nine Indictments.**

Full term of Hancock county adjourned. The report of the grand jury, of which Harrison Smith, of Bay St. Louis, was foreman.

Commends work of J. S. Shaw, county forester and found all affairs of county in fine condition; officers diligent and conscientiously discharging their duty.

Copy of the official report follows, addressed to the "Honorable L. C. Corban, judge of the Circuit Court: We, the Grand Jury, empaneled at and for the regular September, 1940, Term, of the Circuit Court of Hancock County, beg to make this report:

We have been in session five days, have examined 48 witnesses and have returned nine indictments.

We have examined the Courthouse and Jail and find both of same to be in good condition and well kept. The records of the County Officials, so far as we are able to tell, are properly kept.

We received an interesting report from Mr. J. S. Shaw, Forest Ranger of Hancock county, which report shows that excellent work is being done under his supervision. We find, however, that during the past year there have been many damaging fires of incendiary origin, which resulted in the destruction of considerable natural wealth of Hancock County. We therefore recommend that the citizens and Peace Officers of the county cooperate with the Mississippi Forestry Commission in endeavoring to protect our forests from destructive fires and thereby conserve the natural wealth of Hancock County.

We find that the Officers of the County are diligently and conscientiously discharging their respective duties.

We desire to thank Your Honor for your valuable instructions and to thank the other officers of the Court for their cooperation.

## STANISLAUS TO PLAY BILOXI TEAM

**Tonight (Friday) at Biloxi; Motorcade to Leave From College Campus 6:45.**

This Friday night the Stanislaus Rockchaws will meet their second opponent in the present season's schedule. They will journey to Biloxi to engage the Indians. Little is known of the present Biloxi squad, as news about them has been scarce. It is known that the coaching staff for this season is new. So the local squad can look for anything in the line of new plays and deceptive football.

Biloxi has always been a fighting team and this year will be no exception. When they meet the Rocks, the game is anybody's until the final whistle blows.

A motorcade will be organized to accompany the team. The details will be in the hands of the Sidelines Club. These motorcades in the past have been very popular, so a very large crowd is expected to attend. Buses will be secured and those of the student body who care to go will be accommodated.

The motorcade will gather in the Saint Stanislaus yard ready to leave promptly at 6:45 P. M. this Friday. The game is scheduled for eight o'clock.

Tickets will be on sale at the Beach Drug Store, Martin's Bar, and at Saint Stanislaus. They can also be purchased in the college yard as the parade is forming.

Adult tickets will cost fifty cents, and children twenty-five cents. There is no sale of child tickets at the game in Biloxi; so be sure to get them at Saint Stanislaus for twenty-five cents.

Members are urged to decorate their cars. Bunting can be had from Brother Peter's office on Thursday or Friday.

## SENIORS NAMES OMITTED.

In publishing names of St. Stanislaus seniors, 1940-41 The Echo inadvertently omitted the names of two students, Anthony Piazza, son of Mr. and Mrs. Anthony Piazza, of Uman avenue and Aynaud Hebert, boarding student. Young Piazza is intensely interested in academics, in addition to his academic studies, and plans to make a study of this science after his graduation.

## JOHN B. SPOTORNO OF BAY ST. LOUIS DIES AT NEW ORLEANS, AGED 56.

**Scion of One of Oldest and Best Known Families—Funeral Tuesday A. M.**

John B. Spotorno, native of Bay St. Louis, born October 2, 1884, a son of the late Louis Spotorno and Mathilde Olivari, died at Touro Infirmary, New Orleans, Sunday night, September 22, 1940, following an illness and subsequent to a surgical operation.

The remains were taken in charge at New Orleans by the Fahey Funeral Home firm and conveyed to Bay St. Louis and prepared for burial.

Funeral took place in Bay St. Louis Tuesday morning from the Funeral Home at 9 o'clock, with requiem mass at the Church of Our Lady of the Gulf with the Very Rev. A. J. Gmelch, pastor, officiating.

The Rev. Leo F. Fahey officiated both at the Home and at St. Mary's cemetery where all that was mortal of the deceased was tenderly consigned to the family tomb. The last resting place was banked high and wide with flowers, messages of love and affection to the memory of the departed one and in sympathy to the bereaved ones. Of the many offerings two were outstanding, one floral design from the "Employees of the Henderson Sugar Refinery Company," where Mr. Spotorno was employed for many years, a most valued employee whose unusual ability was at all times recognized.

The other came from the Merchants Bank & Trust Company, of Bay St. Louis, from "the officers and directors." Mr. Spotorno was the first assistant cashier of the Merchants Bank when it was organized over thirty years ago, his father being one of the original organizers. Much of the early success of the bank was due to the influence and assistance of the Spotorno family, and the deceased was one of its most enthusiastic workers. He resigned in later years to go to New Orleans, to engage in broader fields.

Pallbearers were W. L. Bourgeois, H. C. Glover, and John K. Edwards, all of Bay St. Louis, and Fred Gamble, T. R. Killiee and J. Olando, members of the firm of the Henderson Sugar Refinery of New Orleans. Mr. Spotorno was educated at St. Stanislaus College an alder took a special course at one of the business colleges in New Orleans. He had never married. Devoted to his sisters and brothers, that while he lived in New Orleans, he visited here frequently, spending the week-ends and holidays and a trip to home and Bay St. Louis was always looked forward to.

He was a brother-in-law of Mayor G. Y. Blaize, of Bay St. Louis, his sister, Catherine, Mr. Blaize's wife.

He is survived by six sisters, Mrs. (Judge) S. Allen Borden and Mrs. Alric Firmont of Marksville, La., Mrs. S. Vallie Borden of Biloxi, Louisiana, La.; Mrs. G. Y. Blaize, Misses Eugene and Mellie Spotorno, of Bay St. Louis, the latter member of the faculty of Central School.

Three brothers, Messrs. L. N. C. Spotorno, of Bay St. Louis; Mr. Humbert Spotorno in business at Marksville, La., and Mr. Bartholomew Spotorno with the U. S. Mail service in Memphis.

In addition to members of the immediate family, Mr. Spotorno is survived by many other relatives. He was well and highly connected, a member of one of the oldest and best known families of this section who were long identified with civic and social influences, representing the highest type of citizenship. His passing is deeply regretted. A useful man, yet comparatively young, his passing brings sorrow and general regret.

## MANY SEE NEW CHEVROLETS.

Many of the public visited the show rooms of the Gulf Chevrolet Company, of Bay St. Louis, on Saturday last when showing of new model cars for '41 proved of much interest. The new models are a vast improvement and will add to the popularity of the Chevrolet. Mr. Al Voight, resident representative expressed satisfaction at the number who called and the manner in which they expressed their admiration of the models.

Jackie Cooper and Bonita Granville, are teamed in "Fighting Sons" formerly known as "The Children's Crusade," the story of which deals with a group of high school youngsters who solve a murder.

The recipe for successful admittance to the sanctum sanctorum in Hollywood these days seems to be: Be an extra or bit-player in a studio, get disgraced, go to New York, become a successful model, actress or night-club entertainer, be noticed by the talent scouts who will probably sign you up to a long-term contract in Hollywood, at a fabulous salary.

Rev. Father Leo F. Fahey will be in charge of the services and an interesting and large program has been arranged with a banquet at the Knights of Columbus Hall on Main street to be served as a climax to the day.

Pere Le Duc Council, one of the largest organizations in Bay St. Louis numbers one hundred and twenty-five members and is active, sponsoring one of the local Scout troops and assisting in many other ways. At present, the Council is collecting discarded toys for repair and distribution by its scouts to needy children at Christmas time.

## S. J. A. PARENTS CLUB HOLDS FIRST MEETING OF 1940-41 SEASON

The first meeting of the 1940-41 school session of the St. Joseph Academy Parents Club was held at the Academy on last Thursday afternoon with Mrs. Lucien M. Gex presiding and a nice attendance. After new members were introduced and routine business completed, plans for the membership drive were discussed and Mrs. Leo Ford, who so ably headed the Committee last year, was again appointed in charge of membership with all members present pledging their full support in the Club's effort to increase last year's record membership.

Mrs. Leo E. Kenney addressed the club on the value of a children's choir for the children's mass throughout the school session and the importance of the excellent training in voice received by children while participating in the singing.

After the meeting refreshments were served the members present.

## THE DRAFT IN PEACE.

NOW that the President has signed the selective service draft act, the United States, for the first time in a year of peace, has resorted to compulsory military service in connection with national defense.

That public opinion approves this legislation is almost self-evident. The developments of modern warfare have convinced American mothers that it would be criminal to send untrained soldiers against seasoned veterans. They do not want war, but if war comes, they insist that their sons have, at least an even chance.

The demand in some quarters, for a trial of the volunteer system merely indicates, in our opinion, that these fellows haven't caught up with world events, or else that they wanted to postpone the draft until after the election. There is no use in trying the volunteer system; it is the amateur way of preparing for war and if this country becomes involved in war in the next few years, it will be no amateur affair.

The silly charge that operation of the draft law will be a disgrace to the youth of the land and a reflection on their patriotism has nothing in it that we can fathom. The draft law operates equally upon every citizen of the republic, within the age limits, whether rich or poor. It is a democratic procedure. It permits the government, which is best qualified, to pass judgment upon the type of service required from citizens.

## HOW FRANCE PAYS FOR DEFEAT.

AS we understand the situation, France must pay the cost of maintaining 2,000,000 German soldiers in "occupied France," also the upkeep of 2,000,000 French prisoners taken by the Germans and now being transferred in part, to Germany for work, and, according to some newspaper correspondents, the cost of certain German laborers who are being sent into France.

This ought to give the world in general a good idea of what Hitler and his regime considers a just peace. The costs thus placed upon the prostrate treasury of the defeated nation is not the only one it is paying to its conquerors. It covers only the "official costs."

It has been reported that German soldiers, in occupied France, are being paid in special marks that the Bank of France is required to honor, although the German government has put up nothing to make them good. The invaders buy what they want, paying Frenchmen in the artificial money. The French lose the goods, which are valuable, and get in return worthless paper money.

## "GOLD STAR MOTHERS' DAY"

SUNDAY, September 29, has been designated by the President as "Gold Star Mothers' Day" and the people of the nation have been requested to give suitable expression "to the love, sorrow and reverence of the people of the United States for the Gold Star Mothers."

This is an occasion that should not be overlooked. The men who gave their lives for this country, during the first World War, should never be forgotten and, just as important, the people of this country should not hesitate to accord full honors to the mothers of the heroic dead.

The honor that the nation often displays for its living veterans is all right and they have been generously provided for by a grateful government. There should be some public recognition of the great sacrifice that other men made at the price of tears and sorrow for many others. It is right that Bay St. Louis, in this grave period, should not forget to honor its Gold Star Mothers.

## A MATTER OF OPINION.

WILL someone please notice Clayton Rand, the brilliant and level-headed editor of the Laurel Leader-Call.

The article carries this notation: "Mr. Rand was once the editor of a small but very arty weekly on the Mississippi Coast. He is also a talker who tells a good story and likes to address luncheon clubs and chambers of commerce."

Then, of late years, he has been doing some publicity for a power company.

Now he is going to vote for Wilkie, and we don't think anyone should question his doing so. After all, it's just a sort of complimentary gesture on his part, inasmuch as Mr. Wilkie, former president of the Commonwealth and Southern, is, one might say, just a member of the family.

But Mr. Rand is making such a to-do over his intentions you'd think he had a following. Which he hasn't.

## FRANCE GOING NAZI?

IT IS somewhat difficult to understand exactly what is happening in France since the German occupation, but the German Government has advised the Vichy Government that the cost of the Army of Occupation, amounting to \$8,000,000 a day, must be paid by France.

Moreover, French economic life seems to be gradually following the Nazi pattern. The other day, the Government of Marshal Petain, following its policy of reserving such professions exclusively for French citizens, decreed that a lawyer must prove his father was French. Similar provisions already affect physicians, surgeons, dentists and pharmacists.

## MAIL ORDER BUSINESS GROWS

BUSINESS men in Bay St. Louis will probably be interested in reports that are being printed in metropolitan newspapers, telling us that the mail order houses, surprised by heavy sales, are in the wholesale markets for fillins much easier this year than usual.

There are merchants here who compete with mail order concerns. They seek the trade of the same customers. It is a matter of record that the mail order houses have been doing rather well the past few years. It might behoove business men to study the method of these catalog concerns.

There are few pointers that we can pass along, off-hand. First, the mail order houses advertise their wares and they keep advertising them. They send out attractive catalogs, with goods fairly described and prices printed. The prospective buyer can see what he is getting and the price that he is to pay. It is no two-price proposition.

Another matter in connection with mail order concerns is that they give their customers attractive financial terms. The customer easily establishes a credit and is permitted to buy on the installment plan, regardless of what he selects. It goes on his bill and he keeps on paying so much per month until he finishes it up. Naturally, the mail order concerns have some losses but evidently they find the average man reasonably honest or they would, ere long, be out of business.

There is nobody more interested in promoting business in this area than this newspaper. It thrives in proportion to the success of business men. Consequently, what we have to say is as much in our own interest as that of the average business man here.

Business men might as well change their minds about installment selling unless they have already become converted to it. It is the trend and you cannot successfully buck a trend permanently. Regardless of what high-priced technicians may say about installment buying, it suits Mr. and Mrs. John Public and the concern that gets their business has to suit them.

## RAILS TO THE FRONT.

DESPITE artificial impediments, excessive regulation, and exorbitant taxation, the American railroads have supplied constantly improved service to all the country throughout the years, said the New York Commercial and Financial Chronicle, recently.

"There has never been in the United States any moment of relaxed effort or of retarded progress in the railway industry," the article went on. "The facts speak for themselves to all whose observation has not been limited by lack of comprehension or by prejudice too dark to admit the light."

"You don't have to go to any authority to prove this—anyone who has had contact with railroads knows it. The farmer knows that it is improved railroad service which enables him to sell his crops in far off, profitable markets, with a minimum of waste and spoilage. The manufacturer knows that it is cheap, fast transport by rail which permits him to meet the demands of merchants and consumers in every section of the nation. The traveler knows the kind of rail progress that has given him the swift, superbly comfortable trains of today—at a steady reduction in the fare charged. The worker knows how many jobs depend upon the billion dollars a year the railroads spend for supplies."

Even as the railroads played a major role in building our nation, they are playing a major role in helping to defend and preserve a still greater nation of the future.

## R. A. F.—A FIGHTING CREW!

THE aerial assaults that have been launched against the British islands in the past few weeks have aroused apprehension in the hearts of many Americans.

It was good news to us, in this peaceful land, to hear that the valiant men who serve the Royal Air Force are inflicting such heavy losses on the German planes.

This is good news, not because brave German pilots lose their lives, but because we are convinced that the cause of human liberty depends, just now, upon the valor and determination of the R. A. F. It is putting up a fight that earns the admiration of the civilized world and verifies Winston Churchill's splendid tribute, "Never have so many owed so much to so few."

The German effort to "wipe out" the British aerial defense has not yet succeeded. Reports from overseas indicate that the British retain strong aerial forces and that they are ready for heavier attacks than they have yet witnessed. This is a happy augury for a better day in the future when the civilization of the world may be guaranteed by force in the hands of nations ruled by men who believe in democracy and in justice to all people.

## WAIT UNTIL THE TABLES ARE TURNED.

IT costs a lot of money to lose a war. The maintenance of the German Army of Occupation, whose expenses France agreed to pay under the terms of the armistice, is costing France 400,000,000 francs a day, about \$8,000,000 at the current exchange rate.

The Germans, however, are not satisfied with merely having their expenses paid, but must have a little pocket money on the side. The officials of the German army in France fined the city of Nantes 5,000,000 francs (\$100,000) today. Nantes was fined for cutting a telephone wire used by German officials the night of September 6-7. The city last month was fined 2,000,000 francs (\$40,000) for a smaller incident.

Expensive guests the French have had this summer.

Mississippi and Louisiana will join hands on Thursday, September 26, at Natchez, to celebrate the opening of the \$4,000,000 Mississippi River Bridge at Natchez. Mississippi and Arkansas joined hands at Greenville, Sept. 17, at the opening of the Mississippi River Bridge at Greenville.

## ORGANIZED YOUTH GIVE BARN DANCE AND SLOW PROGRAM

Local Catholic Organization Gives One of Most Successful Entertainments Yet Presented.

On Monday night, the Natchez Catholic Youth Organization entertained its members at a large barn dance given by the Knights of Columbus Hall on Main street when eighty boys and girls were in attendance and the dance will go on record as one of the most successful and entertaining affairs yet given by the organization.

The large reception room of the hall was clearly decorated all over with Spanish moss, palm tree leaves and huge bunches of red, brown and gold autumn leaves and hill-billy music provided by record player generously loaned by Mr. George di Benedetto proved entrancing music for the dancers. In a corner partly screened delicious refreshments were served throughout the evening. A number of country dances, a Virginia reel, and other entertaining features proved a source of much entertainment and a floor show was excellently carried out by different members of the organization.

Many unique and clever costumes were worn by the boys and girls, the boys appearing as country dukes or plain farm hands with overalls and bandanas and worn straw hats, and corn-cob pipes were much in evidence, while the girls wore pinaflore dresses, gingham checks and several in large flowered materials and out-of-date laces and embroideries caused much merriment. The prizes for the best costumes were awarded to Nellius Favre, who very ably pictured Andy Devine and Cyril Piazza and Irma Belle Fahy and Evelyn Taconi.

The following numbers composed the floor show:

Song "Old McDonald" by Joseph di Benedetto and entire group.  
Song "College Rhythm" by Mary Frances Scaife.

Song by trio Pete Benvenuti, Menoux Arceneaux, Bobby Murtagh.  
Recitation "Oil" by Miss Frances Scaife.

Barnyard Dance by Joseph di Benedetto.  
Song "Alice Blue Gown" by Miss Josie Scaife.

Dance "Jitterbugs" by Nathalie Buehler and Red Vairin.  
Recitation "The Village Blacksmith" by Joseph di Benedetto.  
Dance from "Madame Lazonga" by Claudia Moran.

The decorating, arrangement and refreshment committees worked untiringly for the success of the dance and to them too much credit cannot be given as all performed their tasks admirably and provided an evening of excellent entertainment for the members of their organization.

## Miss Corinne Bouterie Replaces Miss Eva Owings In Stanislaus Infirmary.

At the end of the summer period Miss Eva Owings, R. N., who was in charge of St. Stanislaus College Infirmary last year, announced her resignation to resume work in the new Charity Hospital in New Orleans. In spite of the short time before the opening of school, Brother Peter, president, was able to secure the competent services of Miss Corinne Bouterie, R. N., to take over the duty of watching over the health of the students.

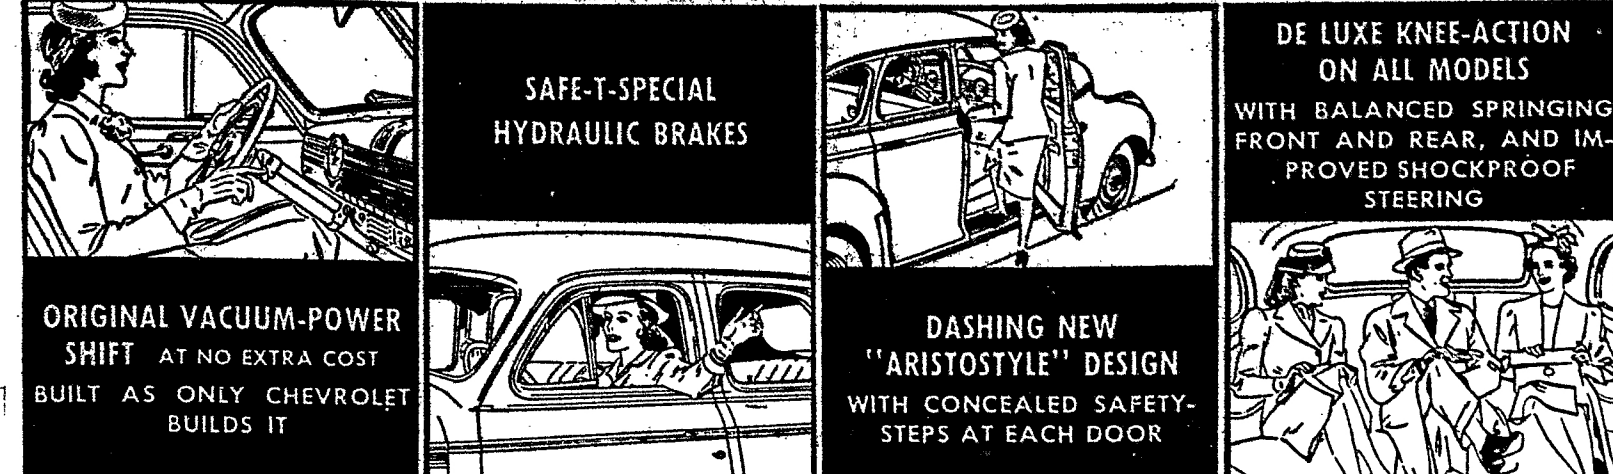

Miss Corinne comes to Stanislaus highly recommended and with an experience of thirteen years in nursing. She was one of the first nurses to work for the Board of Health in the city of New Orleans, and all experience in that work has made her outstanding in her field.

The new nurse has taken a good hold. She is kindly, competent, and firm. She has secured the good will of the student body and in the short time she has been here, and hopes are expressed that she will like St. Stanislaus enough this year to wish to remain for many years to come.

It is understood that Jackson has a chance to secure the headquarters staff of District E of the Civilian Conservation Corps, if adequate offices and warehouse facilities can be made available.

Already there have been applicants from 17 states at Camp Shelby near Hattiesburg, where the government will spend approximately \$11,000,000. The construction work to be done will require about 5,000 men. Those employed must have social security cards.

The first Mississippi Chapter of the Military Order of the World War has been organized at Gulfport. The organization is composed of commissioned officers who served in the World War in the Navy, Army and Marine Corps.

News dispatches from over the state show the various towns and cities of Mississippi are organizing home defense units. In each instance the local part of the American Legion sponsors the unit.

The Gulf Coast has suggested to Federal Authorities at Washington that the Pine Hills Club property on the coast be converted into a naval training station. The matter is receiving consideration in Washington. The Mississippi Coast is an ideal base for such a training station.

### Hair-Raising Comedy In "Ghost Breakers," At A. & G. Theater.

If you never saw a hair-raising comedy before don't miss bubbling Bob Hope and sparkling Paulette Goddard in Paramount's "The Ghost Breakers" at the A. & G. Theater, Sunday and Monday.

It's thrilling and spoofing in just the right proportions with ghosts and gags following each other in rapid succession. One minute you hold your breath in suspense, and the next moment you let it go in a side-splitting laugh.

Bob Hope is at his best. Even the skeletons rattled in the closets from laughter when they weren't busy scaring people half to death. And, as an aside to the girls—and the boys—Paulette is something to see.

"The Ghost Breakers" is based on a play by Paul Dickey and Charles W. Goddard. George Marshall, who directed, and Walter DeLeon, who wrote the screen play, spaced their titlers and jitters in just the right proportion to make a happy combination that kept the audience alternately in suspense and surprise.

"The Ghost Breakers"—and in case you don't know what ghost breakers are, they clean out haunted houses at the drop of a hat—starts off with a bang. Not a moment is wasted in getting the story.

Altogether, it's good entertainment for everyone.

The Tennessee-Mississippi Sheriffs and Peace Officers Convention will be held in Jackson, Tennessee, October 2-3.

The many friends of J. A. Lauderdale, Assistant Attorney General, were shocked to learn of his death at the Baptist Hospital Wednesday morning following a heart attack on Sunday, Sept. 18. General Lauderdale was 84 years old, and had been Assistant Attorney General for 14 years.

## RESIDENT MARRIES WHILE ON TRIP TO TEXAS

Telegrams received in Bay St. Louis on last Thursday evening informed the relatives and many friends of Miss Anna Mae Ploue of her marriage on that day to Eugene Boyd, at Corpus Christi, Texas, the news not exactly a surprise as Miss Ploue and Mr. Boyd had expected to marry at Christmas time but hastened the wedding because of a change of plans necessitated by Mr. Boyd's occupation.

Miss Ploue is the daughter of Mr. and Mrs. Albert Ploue of this city and a graduate of Central High School, and was a popular member of the personnel of Mauffray Dry Goods Store, while Mr. Boyd is employed by one of the large gas construction companies of the South which had the contract for laying pipe lines in Bay St. Louis last year.

The good wishes of their many friends in Bay St. Louis are assured Mr. and Mrs. Boyd who will reside in Texas.

## BRIDE-ELECT GIVEN SHOWER AT K. C. HALL.

On last Thursday evening, Miss Josie Scafield, a bride-elect of this week, was tendered a surprise shower by the Misses Jennie di Benedetto and Vanda Leigh Toquet.

The shower was given in the Knights of Columbus Hall on Main street which had been prettily decorated for the occasion. Mrs. Catherine Thomas, whose excellent taste is well known, created a novel table decorated in a centerpiece of white smilax and evergreens in which a large heart-shaped cake was surrounded by smaller individual heart-shaped cakes. A doll, dressed as a miniature bride, held a white ribbon which Miss Scafield unwound about the table and at the end of which was found many lovely gifts presented to her. Also attached to the individual cakes were small streamers, which when pulled, revealed small tokens such as are found in bride's cakes, and which created a great deal of mirth as each guest pulled her ribbon.

Among those attending the shower were Messdames Leo P. Blaize, Sr., Lena Henry, Alden Mauffray, H. Favre, Donna Mae Anderson, Catherine Thomas, Leo Murtagh, Charles Carter, and Misses Eleanor Smith, Vivian Telhardt, Elsa Mauffray, Clara Kergosien, Ethel Mae Boudin, Frances Scafield, Vanda Leigh Toquet and Jennie di Benedetto.

—Board of Mayor and City Commissioners of Bay St. Louis has a new member. At least one of its members has an addition to his own official family. On Tuesday in New Orleans, at Touro Infirmary, a son was born to City Commissioner and Mrs. H. Grady Perkins, the second child to the family. Latest reports are to the effect that both mother and child are doing exceedingly well and the jubilant father is receiving the rounds of congratulations and well wishes over at the City Hall and in and around the city. Mrs. Perkins was the former Miss Norma Gex. May "Junior" grow up to be healthy, wise and happy and following the footsteps of his parents, prominent residents of our Gulf Coast.

## Personal and General

## LOVELY WEDDING AND RECEPTION SATURDAY AFTERNOON, WAVELAND.

NEW ORLEANS and local society attended most interesting and lovely wedding Saturday afternoon at the home of Mrs. Edmond Henry Singreen, at her villa (The Pirate House) on fashionable Waveland beach when her daughter, Dorothy Singreen, was given in marriage to Mr. Henry Holland Collins, of New Orleans.

The latest wedding took place in the gardens of the Singreen estate. A long, winding way from the house to a point in the gardens had been covered with canvas, way for the bridal processional, banked on both sides with large potted palms, which the florist hadso effectively arranged. Closer to the improvised "altar" were baskets of white wicker on high stands. These were filled with profusion of white gladioli and other seasonably flowers in keeping with wedding convention.

The Rev. Andrew Jackson Boyles, pastor of the First Methodist church, conducted the marriage ceremony, the ceremonial doquent and happily impressive, uniting in holy wedlock the hearts of two young people. This ceremony performed under the protecting boughs of wide-spreading trees, with the blue canopy of heaven above, while birds warbled their sweetest carols seemingly added to the event and lending the outdoor music. In addition, the outdoor music before and during the ceremony was furnished by the local salon orchestra, of which Mr. R. de Montluzin, Mrs. Thomas and Mrs. Roland Weston are principal artists.

The bride was given in marriage by her brother, Mr. John Singreen. She wore a frock of pale blue organza and a poke bonnet of duchess lace from which fell a pale blue veil. She carried an ivory prayer book used by the bridegroom-elect's mother, the former Miss Mary Ashley Stanton, at her wedding. The attendants on the bride included her sister, Mrs. Charles Richard Walters of Durham, N. C., as matron of honor; Miss Mary Ashley Collins, sister of the bridegroom, as maid of honor; Miss Dorothy Turpin of Bastrop and Mrs. John Singreen. Mrs. Walters and Mrs. Collins wore gowns of pink organza and carried leghorn hats filled with lavender asters and the other attendants wore lavender organza and pink asters. Mr. Collins had as best man his brother, Mr. Lewis Stanton Collins of Atlanta, Ga., and his groomsmen were Messrs. Edward Kimble, Locke Brown and Dr. Charles Richard Walters.

Mrs. Singreen, mother of the bride, received in a gown of white marquisette and was assisted in receiving by Mrs. Collins, mother of the bridegroom, whose gown was of pale blue lace, both ladies becomingly and handsomely gowned attractively and most fittingly. They carried bouquets of sweetheart roses.

Following the refreshment served in the gardens after the marriage ceremony, the many guests repaired to the dining room and parlors of the lovely old home, where the "cutting" of the wedding cake took place. Later in the afternoon the bridal couple left by auto for an unknown destination. They will reside in New Orleans, where they will be "at home" in an apartment at No. 1328 Webster street.

This affair was one of largest and outstanding here in years and was noted for the lavishness of every detail carried out in the utmost correctness of the most ultra.

MRS. MOGABGAB GIVES PRE-NUPTIAL PARTY FOR DOROTHY SINGREEN.

One of the many lovely pre-nuptial parties given for Dorothy Singreen, whose marriage on last Saturday claimed so much interest was the tea at which Mrs. Eugene Mogabgab entertained for Mrs. Singreen and the members of the bridal party.

The tea was given at The Seagull and, in spite of the inclement weather, a large crowd attended from Bay St. Louis and New Orleans.

At an exquisitely appointed table over which was a rare cloth, marigolds and baby breath formed a pretty centerpiece with blue candles in silver candelabra.

Mrs. Mogabgab was assisted in receiving by Mrs. E. H. Singreen and Mrs. C. R. Walters, mother and sister of the bride-elect, Mrs. Henry Collins and Miss Mary Ashley Collins, mother and sister of the bridegroom-elect and Miss Dorothy Turpin.

## PARTY FOR BRIDE-ELECT AT SEAGULL LAST FRIDAY AFTERNOON.

Mrs. Eugene Mogabgab entertained on Friday afternoon from four to six at the Seagull honoring Miss Dorothy Singreen, a bride of Saturday. Receiving with Mrs. Mogabgab was the bride-elect's mother and sister, Mrs. E. H. Singreen and Mrs. C. R. Walters, Mrs. Henry Collins and Mrs. Mary Ashley Collins, mother and sister of the bridegroom-elect. Some fifty guests called during the afternoon. Other out of town guests were Mrs. Ernest Lee Jahnecke, Miss Dorothy Turpin and those mentioned, all of New Orleans.

Some fifty guests were entertained during the afternoon. The affair was one of the smart events of the week and this happy affair was thoroughly enjoyed.

## REED HOTEL SCENE OF LUNCHEON BY MRS. EMILE GODCHAUX OF THE PASS.

On Wednesday, a delightful luncheon at the Reed was enjoyed by Mrs. Emile Godchaux, of Pass Christian, Mrs. Truman Woodward of New Orleans and Mesdames Ben Casanas, Clement Penrose and Joe L. Lawrence of Bay St. Louis. Several games of Mah Jung were played before and after the luncheon, which was served privately in the sun parlor.

## ANNOUNCING ENGAGEMENT; APPROACHING WEDDING.

Announcement of the engagement and approaching marriage of Miss Mirelle Testart to Mr. Edgar Drouet, the wedding to occur on October 23, is of great interest here as Miss Testart is the daughter of Mr. and Mrs. Charles Testart who summer here annually at their Bookter street home and who have a wide circle of friends.

Mr. and Mrs. G. Y. Blaize, Jr., of Dallas, Texas, have returned to their home after spending ten days on their honeymoon, following their recent marriage in Dallas. While here they stopped with the groom's parents, Mayor and Mrs. G. Y. Blaize. A number of informal affairs were given them while here.

Miss Decima Rae has returned to her home at Wesson, Miss., where she resides with her parents, Mr. and Mrs. Jas. S. Rae. Miss Rae was with her brother, Mr. George R. Rae, and wife, during his long illness in Chicago and returned to Bay St. Louis with her brother and his wife, remaining here a couple of weeks.

Mrs. Caroline Dale Snedecker, has arrived from her home in Nantucket, Mass., to spend the winter visiting her cousin, Miss Louise Crawford, at the family home in Citizen street. Mrs. Snedecker is well known locally, an author of books and musician of more than ordinary talent and ability.

Miss Odile Rauxet, who will be a member of the bridal party in the wedding of Miss Mirelle Testart and Mr. Edgar Drouet to be celebrated in New Orleans on October 23rd, and which will be one of the large Autumn weddings, will entertain the members of the bridal party at a lunch to be given at the Rauxet home on South Beach and St. Charles street on Sunday morning, October 6th.

## Hollywood Echoes.

TIME passes and the young stars of Hollywood pass from babyhood through adolescence to maturer roles before the cameras. Some stars can manage to glide through these changing years gracefully, while others drop from sight for a few years and then reappear. Among those we have watched thru successive years and who have grown more popular as the years crept upon them are Deanna Durbin, Judy Garland, Mickey Rooney and last, but by no means least Jane Withers.

Mischä Auer's recipe for staying before the cameras for a long time is not to stay before the cameras too long a time. He thinks this advice is especially applicable to comedians. Agree?

Makeup poisoning which Barbara Stanwyck suffered during her role in "Meet Mr. Doe" has compelled her to take a long rest before resuming her screen work. This has caused her to miss the leading role Paramount planned for her in "Reaching for the Sun," and incidentally, the \$75,000 she would have received.

Following the trend of the times and public sentiment, Hollywood is making such films as "Yankee Doodle Goes to Plattsburg," "Fifty Thousand Flyers," "I Wanted Wings," and it is rumored one studio is planning to make a picture entitled, "Caught in the Draft," a satiric comedy concerning civilian conscription.

Several studios are said to be trying to sign up Shirley Temple but Mama Temple says there will be no pictures for Shirley until after January 1. Reason?—Income tax considerations.

Charles Buddy Rogers, who was last seen on the screen in Paramount's "This Way Please," with Betty Grable in 1937, has been signed by Fox for "Golden Hoofs" with Jane Withers.

Rumor has it that Sonja Henie, who recently married an Eastern socialite, wants to retire from the screen but Fox, with whom she has a one-picture commitment to fulfill, wants her to make "Sun Valley" before her retirement.

## Bobby needs BETTER LIGHT!

A cute little lamp like that above was never meant for studying. It puts such an extra strain on working eyes that it's no wonder Bobby can't concentrate on studies.

Give him a Certified I.E.S. lamp with at least a 100-watt bulb. You'll save his eyes from strain and you'll make his studies easier. Chances are that his grades will pick up, too. And while you're protecting his eyes try better light yourself. You'll soon want it all over the house.
